Dear Mr. Albright and Mr. Rogers:

Enclosed, please find copies of *FY 2002/03 to FY 2004/05 Metropolitan Transportation Improvement Program (MTIP) Amendment No. 4 – Rural Bridges* and *2002 Metropolitan Transportation Plan Amendment No. 1*, as approved by the AMBAG Board of Directors at their meeting this evening per adopting Resolution No. 2003-06 (copy enclosed). In accordance with federal regulations, please process the MTIP amendment for federal approval and incorporation into the FSTIP and please process both MTIP Amendment No. 4 and MTP Amendment No. 1 for federal approval of their air quality conformity determination. As the local project sponsors are ready to go to Summer 2003 construction of four of these thirteen bridges, please expedite this amendments approval process to eliminate further delay in initiating the projects bid processes.

FY 2002/03 MTIP Amendment No. 4 includes thirteen rural bridge/low water crossing projects as distinct listings within the MTIP versus their prior inclusion under the HBRR lump sum program. 2002 MTP Amendment No. 1 accomplishes the same separate listing in the financially constrained project list of the long-range transportation plan.

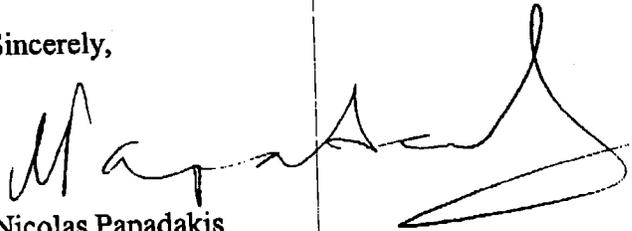

Per the amendments and the AMBAG Board of Directors action, the following is certified per the metropolitan planning regulations: a) demonstration of **transportation conformity** with the *State Implementation Plan for Air Quality*; b) demonstration of **financial constraint** through a county-by-county analysis of claims and available revenue; c) **prioritization** of projects by program year in the MTIP; and d) demonstration of **public review and interagency consultation**.

A RESOLUTION

**OF THE BOARD OF DIRECTORS OF THE
ASSOCIATION OF MONTEREY BAY AREA GOVERNMENTS
APPROVING FY 2002/03 TO FY 2004/05 METROPOLITAN
TRANSPORTATION IMPROVEMENT PROGRAM AMENDMENT NO. 4 AND
2002 METROPOLITAN TRANSPORTATION PLAN AMENDMENT NO. 1**

WHEREAS, the Association of Monterey Bay Area Governments has been designated by the Governor of the State of California as the Metropolitan Planning Organization (MPO) for the Monterey Bay area; and

WHEREAS, Title 23 Code of Federal Regulations, Part 450, and Title 49 Code of Federal Regulations, Part 613, require that in each urbanized area, as a condition to the receipt of Federal capital or operating assistance, the MPO carries out, in cooperation with State, local agencies and publicly owned operators of mass transportation services, a continuing, cooperative and comprehensive transportation planning process that results in plans and programs consistent with the comprehensively planned development of the urbanized area; and

WHEREAS, the Transportation Equity Act for the 21st Century (TEA-21) calls for the development of at least a three-year Transportation Improvement Program (TIP), under direction of the MPO in cooperation with State and local officials, regional and local transit operators, and other affected transportation and regional planning and implementing agencies; and

WHEREAS, AMBAG has developed a three-year program of projects, consistent with AMBAG's *2002 Monterey Bay Metropolitan Transportation Plan*, the *2002 State Transportation Improvement Program*, the *2002 State Highway Operation and Protection Program*, and the area's Regional Transportation Improvement Programs and Short Range Transit Plans; and

WHEREAS, the Transportation Equity Act for the 21st Century (TEA-21) also calls for the development of a long range transportation plan, hereafter referred to as the Monterey Bay Metropolitan Transportation Plan (MTP) under direction of the MPO in cooperation with State and local officials, regional and local transit operators, and other affected transportation and regional planning and implementing agencies; and

WHEREAS, metropolitan transportation planning regulations require the long range transportation plan to be financially constrained to resources reasonably expected to be available, address at least a twenty-year planning horizon, and be reviewed and updated at least triennially in air quality maintenance areas; and

WHEREAS, in FY 2002/03 to FY 2004/05 Metropolitan Transportation Improvement Program (MTIP) Amendment No. 4 and in 2002 Metropolitan Transportation Plan (MTP) Amendment No. 1 AMBAG has highlighted thirteen previously programmed rural bridge replacement projects by including them as line items in both the MTIP and the MTP; and

WHEREAS, applicable projects included in this MTIP and MTP amendment have been considered in emissions analyses which illustrated that on-road mobile source emissions from implementation of projects within the MTIP and MTP falling below the established criteria emissions budgets in the *State Implementation Plan for Air Quality*; and

WHEREAS, this MTIP and MTP amendment provide for the timely implementation of Transportation Control Measures in the *State Implementation Plan for Air Quality*; and

WHEREAS, this MTIP and MTP amendment prioritizes projects by the year in which they are programmed; and

WHEREAS, these documents are financially constrained and prioritized by funding year, adding only those projects for which funding has been identified and committed in accordance with 23 CFR 450; and

WHEREAS, consultation with cognizant agencies was undertaken and the MTIP and MTP amendment were considered with adequate opportunity for public review and comment, in accordance with 23 CFR 450:

NOW, THEREFORE, BE IT RESOLVED that the Board of Directors of the Association of Monterey Bay Area Governments does hereby determine transportation conformity for, approve and authorize the submission of the *FY 2002/03 to FY 2004/05 Monterey Bay Metropolitan Transportation Improvement Program Amendment No. 4* and the *2002 Metropolitan Transportation Plan Amendment No. 1* to the appropriate Federal and State agencies.

PASSED AND ADOPTED this 11th day of April 2003.
